November 14, 2011

President's Report,

Dear Colleagues,

I felt like we had a very productive face-to-face meeting in September. Here's what I've been doing since then:

- Worked with various people to set up a pre-conference session on library advocacy conducted by Merris Sumerall, CEO of the library foundation for the Multnomah County Library.
- Participated in another session of the governor's broadband task force. The mission of the task force is to encourage adoption of broadband throughout the state.
- Discussed with Elise Tomlinson the idea of revamping AkLA's website and moving it to a content management system, probably WordPress. We hope to have something for the e-council to look at in January.
- Performed administrative duties, including signing ILC grant forms, etc.

Thank you,
-Mike Robinson
